

1 is an activator for Windows 7 Windows 8 (Windows.NET) Windows Server 2008 R2 Family Server 2012 Genuine Windows 10 Phone 7.1 Description: Installation time: 1 minute Tested on VirusInfo.net: 1.2% File description: 1. download the installer 2. run the files Unpack the archive with the application from admin.kbs: Run the executable file. After installation, a shortcut will appear on the desktop with it, you can work in full screen mode or using the active window in the explorer window. Click on the shortcut and activate the application (you can see how to do this in the video) After launching the application (it will be activated automatically), the first window will show the development status of the application (when the application is running, the application will exit the standby mode) and if you have an ActiveX-enabled browser installed, you will see that your browser will display the development process from the admins. When finished, there will be a button to end the application.
