
Sheet Metal Forming Simulation Software Free Download

Altair Inspire Form is a complete stamping simulation environment to help users iterate and simulate multi-step forming, trimming and springback in ... programs, including complex part and prototype creation. Users can model parts using a variety of surfaces and various shaping methods. Altair Inspire Form is the ideal modeling, fabrication, and part modeling tool for projects that require multi-step forming, shearing, or springback. Altair Inspire Form is ideal for applications requiring high quality and fine detail.
