Elden Ring Activation Code is the first Fantasy Action RPG of its genre to be released in the West. In this game, the player character can be customized and played in one of two ways: Free mode where the player can freely craft and level up their character, or the Survival mode where the player chooses a character class after leveling and is then faced with a variety of battle situations. In the free mode, you build your character by combining various items, while in Survival mode, you choose one of 12 classes and take on the game in a more realistic way. The various classes are as follows: 1) The Fighter—The Fighter is a strong warrior with great defense and attack abilities that excel at close-range battles. 2) The Mage—The Mage is a great magician who can perform multiple attacks and use powerful magic. 3) The Archer—The Archer is a calm and cool archer who excels at attacking enemies far away and is very effective with his bow. 4) The Monk—The Monk is a great exorcist that uses skills to suppress his enemies. 5) The Sorcerer—The Sorcerer is a great thief that excels at gathering various items and combining them to create powerful items. 6) The Rogue—The Rogue is a great fighter with an unbridled sense of adventure. He can use various weapons with great agility and find most any item needed to complete his task. 7) The Valkyrie—The Valkyrie is a great archer who can easily shoot down enemies with a bow, but possesses great power in close-range combat. 8) The Vanguard—The Vanguard is a great thief who has the best combination of mobility and defense. His outstanding combat skills allow him to use his guerrilla-warfare tactics to his advantage. 9) The Warrior—The Warrior is a brave and righteous warrior who can handle any situation with his great defense and attack abilities. 10) The Beast—The Beast is a monstrous bestial being that can control animals and use them as weapons. He can also summon demons as allies. 11) The Assassin—The Assassin is a calm and cool archer who can easily attack enemies at a distance with a bow. 12) The Trapper—The Trapper is a great thief who excels at solving the complex puzzles of dungeons. The world of Elden Ring is a combination of basic fantasy and science fiction concepts. With its vast and diverse map, there

are countless dungeons with complex architecture and designs
