Read more at Is there a way to make a Method accept several Kinds of parameters? I have a method that takes a parameter like so: public void SomeMethod(int a, int b, int c) Is there a way to make that method accept multiple types of parameters? Something like: public void SomeMethod(params int[] args) A: The best thing to do is write a generic method. public void SomeMethod(T[] parameters) { // do stuff } Then you can call it like: SomeMethod(1,2,3); SomeMethod(5,6,7,8); It'll let you handle different types in a single method. Conventionally

### Elden Ring Features Key:

**A huge, open world that is full of great challenges**

**As you discover a wide variety of materials, equipment, and enemies in the world, you can gradually increase your strength. Consequently, you can become stronger and overcome more difficult opponents**

**An online element that allows you to play together with others in a comfortably familiar way**

**Dynamic battle system that has a variety of diverse designs. For example, once you enter a battle, you will encounter a lot of obstacles. These obstacles can vary widely depending on the opponent's attacks, making battles even more thrilling and more exhilarating to enjoy.**

**Highly-tuned combat scenes that let you feel the power of the warring gods. For example, in a battle scene where enemy gods are attacking, the elemental force of nature will be used in battle. Furthermore, you can freely use the items with special abilities including magic and weapons to**

**directly oppose the attacks of many enemies in a short period of time.**

**Command and task the reinforcements to strengthen your field army**

**A variety of unlockable items such as weapons, armor, and more**

### The key things to pay attention to:

- The borders of the world change its appearance depending on the time of day. Therefore, the game randomly changes the location of each node. If you go to a previously visited location, it will look different. Still, you can find the town where you were as a child in the Lands Between.
- There are random events that occur within the game all the time. If you are at the location that you want to visit, prepare yourself for the unexpected events that can occur. Occasionally, you can get birthright from the gods such as a rare item that you can use while you are in battle.
- The game is in continuous development. The development team is currently working hard on the final details and we hope for your feedback and improvement. You can send us feedback by providing us with detailed and well-organized feedback.

Please stay tuned for our next broadcast!
