By using our website, you accept the use. Here is what you can do.. Q: How to force mouse capture on an object that is part of a group? So I have a group containing a button (a button I want to click). To show my problem, I will give you a screenshot of the group and the debug mode: I want to "click" the button in the middle of the group in the debug mode. The problem is that the button does not capture the mouse. I have found two solutions but they are not working. Solution 6d1f23a050
